

December 2022
Chatham Music Club Newsletter

"We are the music makers, and we are the dreamers of dreams..."

...Thus was entitled a greeting card my daughter found at Trader Joe's. Ah, yes a real gift needed to open this Thanksgiving and December issue of our Chatham Music Club *Newsletter*. Hopefully you will be equally enticed to read the entirety of this Arthur O'Shaugnessy "Ode." His dates [1844-1881] reveal that he composed during the Civil War, living his short forty years with great dreams and hopes. It may be of interest, also, that he was a herpetologist of note, and even had a species bearing his name.

Please take the time to honor his memory and be inspired by his words (found in full on the Internet). <https://www.poetryfoundation.org/poems/54933/ode->
